JOHN GLEESON, United States District Judge:

It is hereby ordered that Local 530 of the Operative Plasterers' and Cement
Masons' International Association ("Local 530"), its officers, agents, servants, employees and

attorneys, and all others in active concert or participation with any of them who receive actual notice of this Order, are enjoined and restrained from asserting jurisdiction over, and from causing or permitting members of Local 530 to perform, any drywall finishing in the City of New York unless the owner of the site, through architect's specifications, requires that the drywall surfaces at issue are to receive plaster, acoustical or imitation acoustical finishes. All other pointing and taping, regardless of material used, and regardless of whether "skimcoating" is requested or performed, shall be the work of Drywall Tapers and Pointers of Greater New York, Local 1974. If the architect's specifications require that some drywall surfaces receive plaster, acoustical or imitation acoustical finishes, while other drywall surfaces receive other finishes, Local 530 may assert jurisdiction only over the finishing of drywall that will receive plaster, acoustical or imitation acoustical finishes.

This injunction replaces the injunction entered on December 18, 1990, by the Hon. Eugene H. Nickerson. The December 18, 1990 injunction is hereby vacated.

So Ordered.

John Gleeson, U.S.D.J.
